

**May 2018**

**Campaign launched to raise funds for around-the-clock stroke services**

Every 40 seconds, someone suffers a stroke in the United States. With the average age of stroke patients dropping to 45 years old, there is now an increased demand for advanced treatments and timely access to quality care. Currently, Stanford Health Care – ValleyCare has limited ability to provide advanced stroke care, resulting in emergency personnel bypassing the Hospital and delaying life-saving treatment. Now, the Hospital has the unique opportunity to join forces with Stanford Neurology. Through our connection to Stanford – Palo Alto’s top-tier expertise we will be able to augment neurological services in the Tri-Valley. Achieving our vision of becoming a leading provider of comprehensive stroke care will require an initial investment of \$1 million from the community. The funds will enable us to offer Stanford’s Tele-Neurology services at Stanford Health Care – ValleyCare while also pursuing a Primary Stroke Center designation. ValleyCare Charitable Foundation has launched a campaign to raise these funds and bring around-the-clock access to lifesaving clinical stroke expertise, along with the most advanced treatment options to you, right here in the Tri-Valley. If you are interested in supporting the stroke campaign, please contact Shaké Sulikyan, Executive Director of ValleyCare Charitable Foundation, by clicking [here](#).

**Annual Golf Tournament highest grossing in event's 34 year history**

On Monday, May 21, golfers and volunteers from the Tri-Valley and across the country gathered at Castlewood Country Club in Pleasanton to help raise funds for Stanford Health Care – ValleyCare’s Emergency Department. Thanks to the generosity of our sponsors, golfers, underwriters, and in-kind donors, this year's Tournament was the highest grossing event in its 34 year history. Proceeds from previous Tournaments have funded the purchase of lifesaving equipment and will fund the addition of a second triage area to

provide timely and compassionate care to the Tri-Valley community. For picture and a video from the Tournament, visit the VCCF Facebook page [here](#).

**"We didn't expect to need a NICU but Daniel had other ideas..."**

Jennifer and her husband Nick did extensive research before choosing Stanford Health Care – ValleyCare to deliver. And good thing, because Daniel decided to come four weeks early. Today, he’s proud to be the center of attention. Learn more about their experience with the Hospital [here](#).

**MyHealth is available to SHC - VC patients**

Stanford Health Care – ValleyCare patients can now use MyHealth to access inpatient and outpatient visit summaries, view upcoming and post appointment details, review lab and imaging results, and pay their bills. MyHealth is a single account where patients can access information related to visits across Stanford Health Care locations including ValleyCare, University Health Care Alliance, Stanford faculty clinics, and the main hospital. Patients can access MyHealth via a web browser or the iOS or Android apps. Learn more [here](#).

**34TH ANNUAL Golf Tournament**  
benefiting Stanford Health Care - ValleyCare's Emergency Department  
Monday, May 21, 2018

Special thanks to our 2018 Tournament Sponsors and Underwriters for making the 34th annual tournament the highest grossing in the event's history.
